PROGRAMMING SKILLS

Courses

- Pyladies: Basics of programming in Python
- Pyladies: Python and its libraries
- Kiwi.com: Python weekend (Bratislava, 2021)
- FI MU: Introduction to programming and algorithmization
- SCI MU: UNIX OS and programming basics
- SCI MU: Analysis of sequencing data
- Online courses: Django, SQL, Python ...

Projects

- Spotify playlist creator, Flight searcher, Hive data scraper ...
- Available at <https://github.com/EditLelkes>

EMPLOYMENT HISTORY

National Centre for Biomolecular Research

2016 - Present: Researcher

- Optimization of biochemical methods
- Cloning and study of protein-protein interactions
- Training of students in the laboratory
- Presentation of results at international conferences

Institute of Biophysics of the CAS

2015 - 2016: Researcher

EDUCATIONAL HISTORY

Masaryk University

2016 - Present: Doctoral degree programme Genomics and Proteomics

2010 - 2015: Bachelor's and Master's degree Molecular Biology and Genetics

EMBL Heidelberg: Genomics Core Facility

2018, November: Internship

Gymnázium Hansa Selyeho, Komárno

2006 - 2010: Mathematical specialization

INTERESTS AND HOBBIES

I really enjoy reading and playing boardgames with friends. I love to travel and explore new cultures and cuisines. I find enjoyment in planning my trips. Self-education (recently programming) was always a part of my free time.
